

## **2018 TVS Radeon 110 launched**

TVS has just launched a new 110cc motorcycle called the Radeon at ₹48,400 (ex-showroom, Delhi). The Radeon has a uniquely-styled tank with knee pads. Aside from the tank, however, the bike is conventional to look at. The headlight and the cowl resemble the Victor, and the side panels and rear-end feature simple, boxy styling. There is also heavy use of chrome on the commuter; the carrier, exhaust, crash guard, kick-starter and rear shocks are all finished in chrome.

Standard on the Radeon are blacked-out alloy wheels and a rather funky-looking fully-analogue instrument console, which features an Eco and Power mode indication. The bike features drum brakes at either end. Powering the motorcycle is a 109.7cc engine that makes 8.4hp and 8.7Nm of torque. The bike has a fuel tank capacity of 10 litres and a claimed fuel-efficiency of 69.3kmpl. The TVS Radeon has a five-year warranty and is available in white, beige, purple, and black.
